

M3357RX

About this product:

A full-season plant for all row-widths

Strong yields in Central Illinois, Iowa, and Missouri in 2019

Consistent and stable full-season RR2X product

Slow on emergence but here to stand and stay once up! Best harvestability of 2019

Plant Specifics:

10 = Excellent

1 = Poor

R = Resistant

| Emergence | 6.5 | | | | | | | | | |
|---------------------------|-----|--|--|--|--|--|--|--|--|--|
| Standability | 8 | | | | | | | | | |
| Stress Tolerance | N/A | | | | | | | | | |
| Phytophthora Root Rot | 5 | | | | | | | | | |
| Iron Deficiency Chlorosis | 5 | | | | | | | | | |
| Sudden Death Syndrome | N/A | | | | | | | | | |
| White Mold | N/A | | | | | | | | | |
| Frogeye | N/A | | | | | | | | | |
| Stem Canker | N/A | | | | | | | | | |
| Brown Stem Rot | R | | | | | | | | | |

Soybean Cyst Nematode Marker: 88.788

Phytophthora Gene: HRps1c

Herbicide Tolerance

Dicamba Tolerance YES✓

2,4-D Choline Tolerance NO ⊗

Glufosinate Tolerance NO ⊗

Glyphosate Tolerance YES✓

Plant Characteristics:

Purple Flower

Gray Pubescence

Brown Pods

Imperfect Black Hilum

3.3 Relative Maturity

Medium Tall
