

# ME3085

### About this product:

ME3085 can handle tough timber soils  
 Excellent SDS, PRR, BSR, and IDC protection  
 Quick canopy closure, great for weed pressure  
 Excellent standability and disease package are 1-2 punch

### Plant Specifics:

9 = Excellent      1 = Poor      R = Resistant

Plant Specifics	Score	1	2	3	4	5	6	7	8	9
Emergence	8									
Standability	8									
Stress Tolerance	8									
Phytophthora Root Rot	7									
Iron Deficiency Chlorosis	8									
Sudden Death Syndrome	7									
White Mold	N/A									
Frogeye	N/A									
Stem Canker	R									
Brown Stem Rot	R									

Soybean Cyst Nematode Marker: R3, MR14

Phytophthora Gene: Rps 1k- 7.0

### Herbicide Tolerance

- Dicamba Tolerance**      **NO** ⊗
- 2,4-D Choline Tolerance**      **YES** ✓
- Glufosinate Tolerance**      **YES** ✓
- Glyphosate Tolerance**      **YES** ✓

### Plant Characteristics:

- Purple Flower
- Gray Pubescence
- Tan Pods
- Imperfect Black Hilum
- 3.0 Relative Maturity
- Medium Plus (width)
